Subject: Approval of request for ENUM redelegation of code 31

Dear Sir,

This is to inform you that I have been notified by the concerned Member State that it approves the delegation of code 31 for ENUM in accordance with the attached request. This delegation replaces the existing delegation.

This approval is based on the understanding that all administrative entities, including DNS administrators, will adhere to all the applicable tenets of all pertinent ITU Recommendations, e.g. E.164, E.164.1, E.190 and E.195, with regard to the inclusion of the E.164 resource information in the DNS.

Please also note that the concerned Member State may at any time revoke its approval and request that TSB file an objection to the delegation.

Yours sincerely,

A handwritten signature in blue ink, appearing to read 'Chaesub Lee'.

Chaesub Lee
Director of the Telecommunication
Standardization Bureau

Annex: Approved request

Subject: Redelegation request for the Country Code 31

To :

Mr Chaesub Lee,
Director Telecommunication Standardization Bureau
International Telecommunications Union

Dear Mr Lee,

In response to the email sent 29 May by Ms Zhang of the ITU Secretariat regarding redelegation request for the Country Code 31 (see below) , I would like to inform you that the administration of The Netherlands approves the redelegation of the Dutch ENUM zone 1.3.e164.arpa to Internet Society Nederland (ISOC.nl), as requested in their application:

<https://www.ripe.net/ripe/mail/archives/enum-announce/2017-April/000190.html> .

The administration of The Netherlands reserves the right to withdraw our approval, e.g. in case Internet Society Nederland does not adhere to the agreements made between ISOC.nl and the Ministry concerning the management of the Dutch ENUM space.

Kind regards

Simon van Merkom
